Dear Volunteers,

Thank you for joining us at our February 23rd IMPACT LA Clinic with the Women's Transitional Living Center (WILC)! This was our first ever Orange County clinic in IMPACT LA's four year history, and we especially appreciate you being an integral part of this milestone. Because of your hard work and commitment to equal access to justice, 15 low-income individuals and families are more informed about their legal rights and more prepared to resolve their legal issues. You should be proud of the positive impact you had on this vulnerable population. The participants were very grateful for your hard work at the clinic. In response to your work:

- 100% of the individuals surveyed said they would recommend this clinic to a friend or loved one.
- One participant said of their experience that they "received the best help and got more knowledge about my rights."

Thank you again for an amazing day in Fullerton! We hope your experience with IMPACT LA was fulfilling and that you will stay in touch with OneJustice and WILC in the future.
